

# I'll Be Missing You

Bars and Melody

When I pray to the Lord, on my mind is you  
and all the pretty things you used to do  
Like when I was down  
You just had that smile that made me feel  
like everything's worth while  
But then that girl dropped so low  
Trouble in her life with no where to go  
Hurting so bad, she feels so sad  
Blames herself for all the trouble she's had  
Looking in the mirror she don't like what she sees  
Crying on her own 'cos she feels like a disease  
All of her friends say that she's ok  
But the pain that she feels won't go away  
If I saw her I would change her stars  
and make her laugh with Melody  
and Bars  
Give anything to hear half of your breath  
I know you're still living your life after death

Every step I take  
Every move I make (yeah)  
Every single day  
Everytime I pray  
I'll be missing you

Thinking of the day (Thinking of the day)  
When you went away  
What a life to take, what a bond to break  
I'll be missing you

When someone who you love gets taken away  
You can't express the pain  
It's your darkest day  
People dying sons, daughters, and wives  
We're in this together  
One world, one life  
It doesn't mean that you don't show love  
Send me a blessing from heaven above  
Give anything to hear half of your breath  
I know you're still living your life after death

Every step I take  
Every move I make (goes out)  
Every single day (to everyone)  
Everytime I pray (who has love someone)  
I'll be missing you (that they truly love)

Thinking of the day (Thinking of the day)  
When you went away  
What a life to take, what a bond to break  
I'll be missing you  
stop the hate
