

Cish Cash

Basement Jaxx

You missed that so you wanna kick back
All messed up and that's a fact
If you wanna risk that do that

I guess its time for payback
So u want your cish cash
All wet up and splish splash
So mish mash you slash and go go go

You want it - you take it
You take it - you got it
You want it - you take it

You're insatiable

It's not enough you want more of it
It's not enough must have all of it
Overflowing on overkill
All the hands are out for their pound of flesh

It makes the world spin round & round
The hands are out for their bloody pound
Overflowing on overkill
Sticky lickly yummy yummy
Dipping in the milk & honey

You want it - you take it
You take it - you got it
You want it - you take it

You're insatiable

They say it makes the world spin round

Splish splash coming for your cish cash
