

U R On My Mind

Basement Jaxx

You are in my mind
As I lay down
You are in my mind
As I lay me down

You are in my mind
As I lay down
You are in my mind
As I lay me down

Don't know if this world is where I want to be
Maybe we could find a planet just for you and me
You're my stairway to my heaven
You mean more than all those things
That I could ever imagine

So take my pleasure, take my pain
'Cos you're the moisture in my rain, yeah
If you believe, yes, it can happen
I belong to you ultimately, yeah

You are in my mind
You are in my mind
As I lay down

You are in my mind
You are in my mind
As I lay down

You are in my mind
As I lay down
You are in my mind
As I lay me down

You are in my mind
As I lay down
You are in my mind
As I lay me down

You are in my mind
You are in my mind
As I lay down

You are in my mind
You are in my mind
You are in my mind
As I lay down

Your taste, your sense, your touch
I need you for sure
I need you for sure

You are in my mind
As I lay down
You are in my mind
As I lay me down

You are in my mind
As I lay down
You are in my mind
As I lay me down
