

Where's Your Head At

Basement Jaxx

Where's your head at

Where's your head at (Where your head at)

Where's your head at (Where your head at)

Drozze it

Okay are you ready, I'm ready

Don't let the walls cave in on you

We can live on, live on without you

Don't let the walls cave in on you

We can live on, live on without you

Don't let the walls cave in on you

You get what you give that much is true

Don't let the walls cave in on you

You turn the world away from you

Where's your head at (Where your head at)

Where's your head at (Where your head at)

Wasn't that? Okay are you ready, I'm ready

You have now found yourself trapped in the incomprehensible maze

Where's your head at, you'll know how to be

Where's your head at, you don't make it easy on yourself

Where's your head at, what you give is what you get, is what you get

Where's your head at (Where's your head at)

Where's your head at (Where's your head at (Okay are you ready, I'm ready)

Don't let the walls cave in on you

We can live on, live on without you

Don't let the walls cave in on you

We can live on, live on without you

Don't let the walls cave in on you

We can live on, live on without you

Don't let the walls cave in on you

We can live on, live on without you

Where's your head at, Where's your head at

We can live on, live on without you

We can live on, live on without you

We can live on, live on without you

We can live on, live on without you
