

Not With You

Basic Element

We'll try to make the memories faith
But I can't move on alone
How I'm suppose to knowŷ what's right
If I don't know what is wrong

I used to believe in us
I used to believe in me and you
But somewhere along the road
We've losted and now I'm not with you

I'm not with you anymore!
I'm not with you anymore!
I'm not with you anymore!
I'm not with you anymore!
