```
All dressed in gold and purple the beauty awaits the night Knowing what will satisfy

Aware of Her delight

The thought of young fresh blood makes the bours go so ale
```

The thought of young fresh blood makes the hours go so slow But the yearn for eternal life and beauty makes her hazelbrown eyes glow

```
Woman of Dark Desires
Woman of Eternal Beauty
Woman of Dark Desires
Elizabeth Bathory.....
```

Now the hour is comed, the time is right for the feast to take its roll

And by the sunrise 60 bodies will be found raped from their blo od and souls

The beauty patiently selects the victims for the night Innocent blood will give eternal beauty eternal life

```
Woman of Dark Desires
Woman of Eternal Beauty
Woman of Dark Desires
Elizabeth Bathory.....
```

Now the life you have lived have comed to light and unfold is y our perversity.

Now the end is near still death is real No more beauty or life for eternity Cold walls entombs your secrets but there's nothing you regret Embrace death with a smile as the highlands face sunset

```
Woman of Dark Desires
Woman of Eternal Beauty
Woman of Dark Desires
Elizabeth Bathory.....
```

[Repeat chorus]

[Dedicated to the memory of Elizabeth Bathory 1560-1640]
