

Right Or Wrong

Battalion of Saints

There's something
You have to believe
In yourself
No matter
What it could be
If you think
You're doing right
Hold strong
It could be a long fight
All right

Be yourself
Who cares what they say
Be yourself
Who cares
Be it right or wrong
Be it right or wrong

Changes that have to be done
Start with number one
Your life may not seem like much
Hope your convictions are strong
Can't you see

[Chorus]

When people
Joke at you
Do you let it get to you
Look at them in their neighbors mold
It's a joke
They're so easily formed
It's okay

[Chorus]
