

Valier - Queens Of The Valar

Battlelore

One with the light of the stars
Woke Firstborns of Ilëvatar
One with the trees and the green
Planted all the first seeds
Hope for the others grief
She will come in misery
Ever-Young cares the blooms
Her sister caused the sun and the moon

Valier, Queens of the Valar
Sisters and wives of divine
Maid singers of the world
Composers, creators

One with the laugh and the dance
Spirit maiden of the woodlands
And one with the gift to heal
Gardens of Lyrien her realm
Weaver from Timeless Halls
Cast the fate of the other dawn
All the stories within time
In her clouds weaved with pride

Highest of Ainur in Er
First from Eru's hands
Masters of Menel
Almighty of Arda
Valier, Queens of the Valar

Seven mothers of the earth
Concerned with life, tears and time
Pure beings of great beauty
Loving hearts, joy and majesty

Varda, Yavanna, Nienna
Võna, Nesse, Este, Vaire

Seven mothers of the earth
Concerned with life, tears and time
Pure beings of great beauty
Loving hearts, joy and majesty
