

Victim Of A Liar Heart

Battlerage

The bloody cross
The idol burn
Not limit for the men
Into the church
The war was born
Not limit for the kill
The king's wife is
the whore of the kingdom
The queen's husband is
a cowardly man
Die, die, banish them forever
Fight, fight, you are
the wisdom always together!

Victim of liar heart
Victim of twisted mind
Don't believe a in their gods
Don't pray under his sun

Stand up! And start to live
Stand up! You can hear
the scream
Those are the voices
of your soul
In this life your son
will be reborn

Victim of liar heart
Victim of twisted mind
Don't believe a in their gods
Don't pray under his sun
