

# Disappear

beabadoobee

Kiss me on my neck  
Tell me all your fears  
'Cause the rush of love is gone  
I'm tryna find out why it disappeared  
Why it disappeared

I look you in the eyes  
Don't feel nothing here  
'Cause the feeling of the love that I used to have  
Well that shit's disappeared  
Yeah that shit's disappeared  
Yeah that shit's disappeared  
Yeah that shit's disappeared  
Yeah that shit's disappeared

Do you remember  
Our love in November  
That shit was so real  
But there's patches on my fingers that won't heal  
There's patches on my fingers that won't feel  
Why'd you have to fucking disappear  
Why'd you have to fucking disappear  
Why'd you disappear  
Why'd you disappear  
Why'd you disappear  
Why'd you disappear

Please come back  
Please come back  
Please come back  
Please come back
