

Tangerine

Beach Fossils

Long time it gets always blurring
After a while the same old story
And if you think you understand me
I guess your eyes all I can be

I know all along
What I see
What I need
Nothing in between
Everything
Tangerine
Tangerine

Deep in the hours after midnight
Skating beneath the street light
Line up together when we get high
Right to the waterfall of sunrise

Uh uhuh uuuuh uhuhuhhhhhuh
Uh uhuh uuuuh uhuhuhhhhhuh

All I need
Tangerine
Tangerine
All I need
Tangerine
Tangerine
All I need
Tangerine
Tangerine
