

# Don't Stop

Beanie Sigel

Ma! I think it's safe to say  
You ain't seen a playa lay this way  
Or playa game this way  
Wit a attitude, like - and ya don't stop

Aficionado, so fashionable  
Wit a confident swagger, international  
Game so tight the girls had to go  
And you don't stop!

Hah! sicka than your average  
Money too long can't stash it  
In the closet or the mattress  
Paper, stretch like elastic  
Checks from advances, the bank can't cash it  
So the price for that, never ask it  
Just sign my name or pop plastic  
Hating ass cops wanna harrass em  
Searching for a glock in the pocket of his fashion  
Bitches wit SP stitches on they asses  
And they left breast (yes!)  
Let's get dressed and toast to the occasion  
Cops couldn't page em, flow so amazing, hot like cajun  
You fucking wit the champ  
Pop corks on champ' like I just took the chip  
Nigga took the stand when he coulda took the 5th  
Yeah eat a dick wit AIDs on the tip, keep my name off ya lips  
Not guilty!

I said I'm sicka than your average  
Keep three shooters like the Mavericks  
Short to the point like Nash is, fucking wit a savage  
Niggaz press they luck, get bucked like ashes  
Three piece suits, linen fabrics  
Three quarter croc, sharper than a pastor  
B Sig bring the light to the masses  
Of these rap bastards, who gives street passes  
One shooting can lead to three caskets  
Jump suits, state boots, at least three stabbings  
You softer than a Reebok Classic  
Folding under pressure when confronted by them badges  
I was taught stay low and keep blasting  
Po only know questions that was answered  
Keep a number on the high price lawyer  
It's five ways now days, everybody saw ya

Now let's toast to the man, that when he get out  
That he gon do them thangs that he rap about  
A true playa Pha-real (Pharrell)  
Haters stay out my face  
And know that thing still by my waist

Once again I'm sicker then 'em all  
Niggaz see C's start shitting in they drawers  
When I kick in the door, stop the blood clot crying  
Wipe the piss off the floor  
The ape is back, my gate is cracked

My jumpsuit and my cuffs is off  
Yeah I'm back on them bricks  
Raise your cups and raise your glass  
And let's toast to the boy B Mack, yeah I'm back in the mix!
