Blame

Bear Hands

Somewhere in the hills, I hear a scream
Hoping that you're landed on your feet
Stolen by the boys who called your name

Who else have you got to blame?
Who else have you got to blame?

Once you cross the line, you ain't comin' back
Nothing but coyotes are there
Ooh-ooh, ooh-ooh
Once you cross the line, you ain't comin' back
Nothing but coyotes are there
Ooh-ooh, ooh-ooh

Tracked our ammunition through the night
Don't know how I'm gonna make this right
I know that I will always feel the pain

Who else have you got to blame?
Who else have you got to blame?

Once you cross the line, you ain't comin' back
Nothing but coyotes are there
Ooh-ooh, ooh-ooh
Once you cross the line, you ain't comin' back
Nothing but coyotes are there
Ooh-ooh, ooh-ooh
Once you cross the line, you ain't comin' back
Nothing but coyotes are there
Ooh-ooh, ooh-ooh
Once you cross the line, you ain't comin' back
Nothing but coyotes are there
Ooh-ooh, ooh-ooh
