

# We Can Make a Difference

Bebe & Cece Winans

We join together, hand in hand  
We can make a difference  
We can change this world

We all live together in this world  
God created us to be  
One big family  
I know we all look different  
But inside we're still the same  
Something's wrong but who's to blame

Fighting one another has to end  
The enemy is hatred  
Your brother is your friend

Let's pray and lift our voices to the sky  
We can make a difference  
If we try

In every child, there's a hero  
Let's help them find it in their heart  
And teach them not to hurt themselves  
Or anybody else  
We can make a difference you and I (you and I)  
A difference if we try

Ohhh  
We can make a difference  
(We can make a difference)  
Ohhh  
We can make a difference

All it takes is courage and some time  
If we stride together  
With one purpose and one mind  
Let's pray and lift our voices to the sky  
We can make a difference  
If we try

Singing ohhh  
We can make a difference  
(if we try)  
Singing ohhh  
(we can)  
We can make a difference  
Singing ohhh  
(only together)  
We can make a difference  
Oh ou ohhh  
(you and I together)  
We can make a difference  
(we can, we can)  
Ohhh  
We can make a difference  
(we can, we can)  
Ohhh  
We can make a difference

Let's pray and lift our voices to the sky  
We can make a difference  
If we try
