

# I'm So Free

Beck

I'm on a tangent  
Textbook ephemeral  
Facts are confusing me  
I'm so free now

I'm on a one-man waiting list  
I'm bored again  
I buried all my memories  
I'm so free now

I see the silhouette of everything  
I thought I ever knew  
Turning into voodoo  
I'm so free now

A panic cycle, sentimental  
Feel it out until you know  
It wasn't meant for you  
I'm so free now

I'm so free now  
I'm so free now  
And the way that I walk  
Is up to me now

And if I breathe now  
I could scream now  
You can hear me  
From Topeka to Belize now  
I'm gonna freeze out  
These enemies out  
They never see what I got  
No need to bend my knees down  
Heaven forbid  
Time is running out  
Nothing new under the sun  
Better get down

I'm so free  
Free from me  
Free from you

Who am I supposed to be  
In the middle of the day  
With no good connection?  
I'm so free now

They try to keep me down  
With affliction  
Alpha male fell asleep in the engine  
I'm so free now

A horizontal aspiration  
In the basement  
With a digital lust for life  
I'm so free now

I coin the phrase of the realm  
Let it roll into the street  
Like a token of sweet nothing  
I'm so free now

I'm so free now  
I'm so free now  
And the way that I walk  
Is up to me now

And if I breathe now  
I could scream now  
You can hear me  
From Topeka to Belize now  
I'm gonna freeze out  
These enemies out  
They never see what I got  
No need to bend my knees down  
Heaven forbid  
Time is running out  
Nothing new under the sun  
Better get down

I'm so free  
I'm so free now  
Yeah, yeah, yeah

Hey nobody's going to keep me down  
Nobody's going to keep me down  
Nobody's going to keep me down  
Gonna do, gonna do, gonna do what we want

I don't want to go  
I don't want to go  
I don't want to go down  
Gonna do, gonna do, gonna do what we want

I'm so free  
I'm so free now  
Yeah, yeah, yeah
