

Yeah, yeah

She said you better stay, stay right where you are  
I might get knocked down by a fallin' star  
Set you straight before you hurt yourself somewhere  
Sinkin' like the stone, up into mid-air  
And she's workin' out the meaning of the game  
By the taciturn complexion of her face  
Days and days I've faced myself amazed  
I take myself down the Georgia Main

She's got the coin of the realm  
And the hounds of Hell  
She's ringin' the bell  
Holdin' on to herself  
She's got the light in her eyes  
And the blue from the sky (Oh)  
She's crossin' my mind  
Better hold on to myself  
(Ooh-ooh, ooh-oh)  
(Ooh-ooh)  
(Oh, no-no-no, no)

Shimmy shimmy shake, the lights are on  
Takin' the time to get me gone (Ayy)  
She's walkin' crooked down the hall  
Fallin' down the waterfall (Woo)  
Shimmy shimmy shake, the lights are on  
Takin' the time to get me gone  
She's walkin' crooked down the hall  
Fallin' down the waterfall

She's got the coin of the realm  
And the hounds of Hell  
She's ringin' the bell  
Holdin' on to herself  
She's got the light in her eyes  
And the blue from the sky  
She's crossin' my mind  
Better hold on to myself

Dear, dear, dear, dear, dear, dear  
Dear, dear, dear, dear, dear, dear, dear  
My love, my love  
Oh, oh, yeah, yeah  
Oh, she's so, oh, yeah, yeah  
Oh, oh
