

Legacy

Beckah Shae

Correct

How can you say that the world is in a terrible state
When you, you haven't done anything?
The role that you play could be a hero or a villain
It's on you
And everyday could be your last scene

Cause what good is love
If you don't give it to somebody else?
All that you've learned is no good to you
If you keep it to yourself
And what's victory
If you can't stand with someone else?
A legacy,
Hangs on you and me
To teach each other well

Who will it be?
Who will plant the seeds and lead to see others lead...
Paving the way to dream bigger dreams?
What sacrifice, to lay down your life
And leave courage for someone to rise
But it's so worth it, to keep this legacy

What good is love
If you don't give it to somebody else?
All that you've learned is no good to you
If you keep it to yourself

So here's a thank you to the heroes,
The leaders and the brave ones
Who made a way for us to know truth
You are the champions
And we're the generation
That will forever, forever honor you!
Yeah, legacy, ohh

What good is love
If you don't give it to somebody else?
All that you've learned is no good to you
If you keep it to yourself
What's victory
If you can't stand with someone else?
A legacy,
Hangs on you and me
To teach each other well
