

All Night Long

beFour

(Alina:
We're dancing All Night Long
Untill the break of dawn
Jump around and dance
Have a sweet romance
Dancing All Night Long
Tonight we can't go wrong
Jump around, this sound,
This song, plays All Night Long)

Alina:
Life is much too short
To live it alone
Manou:
It will bring you down,
To live it on your own
Just have fun
Alina:
The party's just begun
Alina & Manou:
Just reach up for the sun

BeFour:
We're dancing All Night Long
Untill the break of dawn
Jump around and dance
Have a sweet romance
Dancing All Night Long
Tonight we can't go wrong
Jump around, this sound,
This song, plays All Night Long

Angel:
People on the beach
They dance in the sand
Dan:
Lovers in the dark
They're walking hand in hand
This is fun
Angel:
The party's just begun
Dan & Angel:
Tonight we can't go wrong

BeFour:
We're dancing All Night Long
Untill the break of dawn
Jump around and dance
Have a sweet romance
Dancing All Night Long
Tonight we can't go wrong
Jump around, this sound,
This song, plays All Night Long

Oooo... All Night Long
Oooo... All Night Long
Oooo... All Night Long

Oooo... All Night Long

Manou & Alina:

We're dancing All Night Long
Untill the break of dawn

[Angel:

We're dancing All Night Long
All Night Long]

Manou & Alina:
