

# Happy People

beFour

The Time is now the mood is high  
I know that we can touch the sky  
I feel the heat, I hear the beat  
The music simply moves my feet  
It's like a smashing sound  
And I feel lost and found  
Cause all my friends are all around  
Happy People all around  
Happy people on the ground  
Oh tonight the heat is on  
Come together let's have funf  
Happy people full of joy  
Happy People, Girls and Boys  
Jump around and have some fun  
Oh tonight the heat is in  
My body shakes, my feelings burn  
I see the vinyl starts to turn  
Those happy vibes, my state of mind  
A mood like this is hard to find  
It's like a modern style  
Can't help but have to smile  
Oh let it stay, just for a while  
Happy People all around  
Happy people on the ground  
Oh tonight the heat is on  
Come together let's have funf  
Happy people full of joy  
Happy People, Girls and Boys  
Jump around and have some fun

Oh tonight the heat is in
