Being As An Ocean

Love was a mountain
That I fell from a hundred times
You've seen some action, you heard war drums
Put your paint on, made your heart strong

I've got you in my veins
Track marks and blood stains
Found pleasure in my pain, baby
You're in my skin
You'll let me down
My blood's so thin
I'll stick around
You're in my skin
You're in my skin
I let you in
I let you in
You're in my
You're in my skin

You were a flower
That I watched bloom as I held you
I felt the power, heard the bells toll
Think my heart's known what my head won't

I've got you in my veins
Track marks and blood stains
Found pleasure in my pain, baby
You're in my skin
You'll let me down
My blood's so thin
I'll stick around
You're in my skin
You're in my skin
I let you in
I let you in
You're in my
You're in my skin

You're in my
You're in my skin

I let you in
I let you in
I let you in
I let you in
