(We Want) The Same Thing

Belinda Carlisle

Here is my case We've got no time to waste Cuz we want the same thing

We're fighting a war But we don't know what for Cuz we want the same thing

I know we're different now
Different as night and day
But still want you near
I just want you to stay
I wanna take this chance
I want to be with you
Cuz what you're looking for
I am looking for too

We want the same thing ...ooh...
And all that we need is to
See it together
We dream the same dream
We want the same thing ...ooh...
For now, for love, forever, amen

I look in your eyes and I know deep inside that We want the same thing

Breaking the chains that Just keep us in shame Cuz we want the same thing

No matter what we say No matter what we do Beyond the battlelines Baby we know what's true

We dream the same thing
We want the same thing ...ooh...
And all that we need is to
See it together
We dream the same dream
We want the same thing ...ooh...
For now, for love, forever, amen
