

Set Me On Fire

Bella Ferraro

Take me back to your place,
Show me how to dance
Let's go watch the sunset
With me in your hands

Fly me on a jetplane,
Take me to the moon,
Wherever you go,
I'll follow

Never really meant to start a spark
But this love
This love is like arrows through our hearts
I'm dreaming

Set me on fire,
With endless words
To show my worth
You take me to a place I've never known

Set me on fire,
With silent kisses like the sunset
Darkness is our playground we call home,

Take me in your mustang,
Let's go cruise the streets,
We'll stay young forever,
Cos love knows my beat

Running free in the daylight,
Feeling safe in the night time,
With your eyes beside me,
This love I won't fight

Never really meant to start a spark
But this love
This love is like arrows through our hearts
I'm dreaming

Set me on fire,
With endless words
To show my worth
You take me to a place I've never known

Set me on fire,
With silent kisses,
Like the sunset
Darkness is our playground we call home

Storms they may come
But I'm here to stay
Cause this heart is my anchor
No I won't drift away

Fearlessly in love,
With all of your ways
Shoot an arrow through my heart

With your love and embrace

Set me on fire,
With endless words
To show my worth
You take me to a place I've never known

Set me on fire,
With silent kisses,
Like the sunset
Darkness is our playground we call home
