

## Seymour Stein

Belle and Sebastian

Seymour stein, I've been lonely  
I caught a glimpse of someones face  
It was mine and I'd been crying

Half a world away  
Ticket for a plane  
Record company man  
I won't be coming to dinner

My thoughts are far away  
I'm working on that day  
North country girl  
I think she's going to stay

Promises of fame, promises of fortune  
LA to new york, San Francisco back to Boston  
Has he ever seen Dundee?  
Won't he hire a limousine?  
Seymour send her back to me

I heard dinner went well  
You liked Chris's jacket  
He reminded you of Johnny  
Before he went electronic

Seymour stein, sorry I missed you  
Have a nice flight home  
It's a good day for flying
