

Clearly Severely

Ben Harper

If it hurts, do it twice
Avoid the void
Dont miss out on your life

like a pair of shoes
Haning from a wire
I have no idea how we got here

There is no breath left for words
They have all been spoken for
All we say just shatters to the ground

Clearly, Severely

Time, it cant erase
Love or part of faith (?)
When a smile goes to waste

I'm tired of being sick
Your sick of being tired
I have no idea how we got here

There is no breath left for words
They have all been spoken for
All we say just shatters to the ground

Clearly, Severely

If it hurts, do it twice
Avoid the void
dont miss out on your life

There is no more breath left for words
They have all been spoken for
All we say just shatters to the ground

Shatters to the ground
To the ground
To the ground
Shatters to the ground

There is no more beath for words
They have all been spoken for
All we say just shatters to the ground
