

# Falling In Love

Ben Rector

I, I thought I was fine  
Until you walked by, I thought I was fine  
You, that is quite a word. Cause you are not just some girl  
You is quite a word.

Oh-oo falling in love is something  
Oo-oo-oo falling in love is nothing.

We, we were young and dumb  
We were just both in love  
We were young and dumb  
But there's no, no place I'd rather be  
Than with you next to me.  
It's where I wanna be

Oh-oo falling in love is something  
Oo-oo-oo falling in love is nothing. [Repeat]
