Uh uh uh uh uh Uh ah uh uh uh You can tell When you are feeling love And I can tell That there is something in your eye It's a tear, it's a tear Falling down It's a tear, it's a tear Drying out When you feel... When you feel... When you feel alive Do you feel alive When you feel alive Do you feel alive I can tell That you are in love And I know What that little drop is in your eye It's a tear, it's a tear Of happiness No more fear No no more fear of loneliness Do you feel When you feel When you feel When you feel When you feel alive Do you feel alive I am burning, with this love

I am burning, is it love
I am burning, with this love
I am burning, is it love
