

# Lovin' It

Berner

There's something about that vibe, when you catch that vibe  
Yeah (shh, shh, shh)  
Yeah

Eleven hour flight, first stop in Ibiza  
Smoke section out the cloud, hit me then we'll meet up  
The yacht's at the marina, my watch on aquafina (bust down)  
Dinner on the beach, forty-two on margaritas  
Yeah, we the cats that put the THC in Lagunitas  
From the trap we sellin' out sold out arenas, worldwide  
The shelf [?] in Amsterdam had me trippin' out to see my shit, a hundred for  
a gram  
Drop a million in the bank, spend another on some land  
Left some homies in the dust, they had another plan  
We really run the game, yeah, go and check the facts  
Stack got 'em payin' ten-thousand for a pack  
In London I'm a king and they don't even know I rap  
They just know the little blue C's on the bags  
Marijuana mafia, the Feds want me bad  
I just threw another bundle in my bag  
I'm lovin' it

A hundred thousand on my watch, I'm lovin' it  
We party in our yachts, I'm lovin' it  
Pulled it fresh off the lot, I'm lovin' it  
I could never get enough of it  
[?] I'm lovin' it  
Your boy got rich, I'm lovin' it  
The homies didn't flip, I'm lovin' it  
I could never get enough of it

You try'na turn out my wallet, two hundred was the offer  
Twenty minute boat ride out to Gibraltar  
I'm sittin' with the bankers, we talkin' 'bout taxes  
Why we play this game, who can live the fastest?  
Why the Feds wanna freeze my bank and take my assets?  
Blood-shot eyes behind Versace glasses  
I'mma sticky situation, droppin' game on vacation  
Why your heart filled with the hatred?  
Why you try'na hold onto somethin' we created?  
Fuck it, you gon' hear me clown your ass on the radio station  
We worldwide with it, snowman with [?]  
Jigga pulled up with the cookie fan boppin', I'm lovin' it  
I don't appreciate it often  
Deals on the table got way too many options  
Then my mind racin', fuck it  
I'mma smoke and think about life on this boat

A hundred thousand on my watch, I'm lovin' it  
We party in our yachts, I'm lovin' it  
Pulled it fresh off the lot, I'm lovin' it  
I could never get enough of it  
[?] I'm lovin' it  
Your boy got rich, I'm lovin' it  
The homies didn't flip, I'm lovin' it  
But I can't get enough of it
