I know your kind I've seen that smile I won't let you come back But you know Just how to make my world fall back Just how to make my world tu rn black I cannot breath My mind is blank You're laughing when I cry Why did you bring My happiness so deep inside My happiness there just to die Just how to make my world fall back Just how to make my world turn black On sunless days we're side by side Sunless days Sunless days My emotional decay You're hiding now I'll cut you out My sky will gather clouds Where can I go I try to hide but can not find I try to leave all things behind My happiness so deep inside My happiness there just to die 'cause on sunless days we're side by side Sunless days Sunless days My emotional decay I try to hide but can not find I try to leave all things behind 'cause on sunless days we're side by side Sunless days Sunless days My emotional decay
