

Feeling of Love

Best Coast

Oh, oh, baby I want you to know
How good it feels to be with you
But I'll never let it show
Because the moment that I tell you
You turn right around
And then I'll never see you again
As my heart's pulled out

Oh, oh, baby I want you to know
Just how much I like you
But I'll never let it show
Because the moment that it happens
You'll disappear
And then I'll feel real stupid
And I'll go back to sleep

Oh, oh, oh, Love

Oh, oh baby I want you to know
How good it feels to be with you
But I'll never let it show
Because you're just as weird as me
And you don't know how to deal
With feelings that are strong like these
The feeling of love
The feeling of love
The feeling of love
The feeling of love
