

Hells Vociferation

Bestial Mockery

Hells vociferation
Your manifestation
Pajasuor
Exhort
And there it was
The howling of the abyss
An abysmal pandemonium
Raging distortion storm
The roaring of the depths
A screaming shrapnel wind
f**ked up razor blast
Right into your face
Hells vociferation
Your manifestation
Execute and kill
Fire at f**king will
Sodomy virgin goat
Tormented razor f**k
Get down on your knees
Start to my penis suck
Chainsaw engine roar
Unholy necro spell
Mother Mary's nose
Inhale the carcass smell
Now let them bleed
The inferior f**king race
Smash their ugly mug
And show them no remorse
The final war commence
Gasmask breed for death
Crushing down your head
B-52 from Hell
Hells vociferation
Your manifestation
Anti-Music Reign
Gospel for the Insane!!!
