

Sugar Shack

Beth Hart

Baby, you been gone a while
I need you here to make me smile
Baby, come back
To the sugar shack
Still got your thunder, it's on the wall
Starting to wonder on when you'll call
You know where I'm at
In the sugar shack

It ain't the same without you here
I ain't ashamed of my salty tears
Down by the water out in the wood
You make it better
You make it good

This ain't no shelter, this ain't no home
No kind a place to be alone
Baby, come back
To the sugar shack

And I don't know how long
I can keep holding on and on

In the sugar shack
Slipping through the cracks
It will always bring you back

She got you thinking you're safe with her
She ain't as tasty as my sugar
I'll take you back
To the sugar shack

You got me crawling across the floor

You got me wanting more and more and more
At the sugar shack

It ain't the same without you here
I ain't ashamed of my salty tears
Down by the water out in the wood
You make it better
You make it good

In the sugar shack
Slipping through the cracks
It will always bring you back

In the sugar shack
Slipping through the cracks
It will always bring you back

At the sugar shack
Sugar shack, sugar sugar
Sugar shack, sugar shack
At the sugar shack
(At the sugar shack)
At the sugar shack

At the sugar shack
Sugar shack, sugar sugar
Sugar shack, sugar shack
At the sugar shack
(It will always bring you back)
At the sugar shack

La la la la la
La la la la la
It will always bring you back
