## **Starlight**

## **Bethel Music**

You're like starlight in the dark Endless miles can't conceal You And every glimmer is a spark Catching fire as You break through

Oh, You're not far away You're coming close And oh, even as I wait You're coming close

You're like summer in the night
The sun goes down but still I feel You
And every shadow's turning bright
Every broken heart is made new

Oh, You're not far away You're coming close And oh, even as I wait You're coming close

And there's no heart unseen There's no space between You and I You and I You are closer than The very oxygen I'm breathing in Oh, I breath You in You are God with us You are here with us Immanuel! Immanuel! You are infinite Your glory has no end Jesus! Jesus!

There's no heart unseen There's no space between You and I You and I 'Cause You are closer than The very oxygen I'm breathing in Oh, I breath You in You are God with us You are here with us Immanuel! Immanuel! You are infinite Your glory has no end Jesus! Jesus!

Oh, You're not far away You're coming close And oh, even as I wait You're coming close

'Cause You're like starlight in the dark Endless miles can't conceal You And every glimmer is a spark Catching fire as You break through...
