

Battle of Valmourt

Beto Vázquez Infinity

Masters of wizards
Waiting the message of Dailkimb
City of mystery
Advise to these humble souls

Into the deep mist
Spring the sorceress of light
Master of wishes
She carries along the charming book

Queen of wizards carry on
Help us to fight the dark
Sea of wisdom
You are the key to our hope

Spirits of Valmourt (carry on)
Show me the way to the sword
To free it of enchantments
Is time to start the magic war

Winds of tempest
I'm calling you from my soul
Untie your fury
Over these prophets of darkness

Now!!! Free this place
From all darkness
Let it shine again

Place your cloak of wisdom over him
Sorceress of light
Do protect the one

Show him ways to the holy wood
Keep him from the dark
Keep the hope in your heart. Now!!!!

Queen of wizards carry on
Help us to fight the dark
Sea of wisdom
You are the key to our hope

Queen of wizards carry on
Help us to fight the dark
Sea of wisdom
You're the key to our hope
