

# Tonight

**Beto Vázquez Infinity**

I hate you  
I need you  
(I) hate how you play into my mind

You're something  
And nothing  
only to play with  
tonight

Sometimes I live in empty darkness  
Sometimes I absorb your cold, I like it

Tonight

I feel despair, you bleed sorrow  
Destroyed, and found all over again  
I feel you near, dreaming in nightmares

And the nightmare is tonight
