

# Tapestry Of Me

## Betraying the Martyrs

Angel!  
Very light of my life!  
I cannot comprehend life without you  
And now that no substance remains  
Reminiscence of you departure ensures  
No clocks will turn with haste!

I can taste you near  
In my heart you're never wasteful  
This earth's not finished with you yet  
You're part of my fabrication

Sewn patches of my existence  
Prints left for generations to see  
You're part of my fabrication  
Structure of human tapestry to me

Don't leave me!  
Please don't leave me!  
Your time will come & so will mine!  
Just don't make this the end!

I'll grab hold  
Of your wings enclosed within your path  
I'm attached as ever honey  
I won't let you go!

I'm not letting go  
I'm grabbing your beating heart  
And putting it back!

Procreate the life that  
That harbored on this earth  
Walk with now your head  
Shall hold high again

Walk with me, walk with me  
Look out up into the sky!

I cannot comprehend life without you!

Pray as you're scared but don't run away  
I will show you the way  
Never give up keep all your faith  
This is not your last day

I'm far away  
I'm far away now!  
I can't let you go!  
My death grips on you!

I can taste you near  
In my heart you're never wasteful  
This earth's not finished with you yet  
You're part of my fabrication

Sewn patches of my existence

Prints left for generations to see  
You're part of my fabrication  
Structure of human tapestry to me

I'm sorry reaper!  
I'm sorry reaper this time!  
I'm sorry reaper, sorry she's mine!

Pray as you're scared but don't run away  
I will show you the way  
Never give up keep all your faith  
This is not your last day

Passeth by this nightmare  
This is only your beginning

Hells gates, weld them shut  
Now iron clad for all eternity  
Remove the coals, apart the furnace  
Drain the styx, heed my call!

My light burns brighter than your flames  
My heart larger than your depths  
My grip tighter than yours of death

I'm taking her back  
Taking her back!

Come live this life!
