

## Shotgun Dedication

Beulah

Where's my shotgun?  
but oh, it sure is fun  
when your war joke's a bore  
and everything's been done

count me out forget my head  
count me out forget my head  
count me out then i'll know right away

eyes are blasse  
amputation is passe like the rain  
but you're weak  
and there's nothin' new to say

count me out forget my head  
count me out forget my head  
count me out then i'll know right away
