I'm losing control of my emotions You've got this hold on my heart I've never known what we are feeling You never took me so far I can't find the words

Is this love?
Tell me i've found you
Is this love?
Say that you'll always keep

Holding on
Keep holding on
'Cos your love's got a hold on me
Holding on
Keep holding on
Yeah...

I'm losing my mind dreaming about you Still as you sleep by my side Kiss me awake, whisper Good-morning Say what you said one more time 'Cos i need to know

Is this love?
Tell me I've found you
Is this love?
Say that you'll always keep

Holding on
Keep holding on
'Cos your love's got a hold on me
Holding on
Keep holding on
Yeah...

Is this love?
Tell me I've found you
Is this love?
Say that you'll always keep

Holding on
Keep holding on
'Cos your love's got a hold on me
Holding on
Keep holding on
Yeah...
