

Fairplay

Beverley Knight

Baby baby I've got this feeling in my soul
If you don't love me would it be fair well
Use my love and give yours to another
Would that be fair
I can hide all the misery and pain
I am sure I'll never love this way again
Would that be fair
Do you think she would care

Ooh fairplay
Ooh fairplay

Like the sun when it hits the urban sky at day
Lights and music take me higher yes
I would love to dance my life away
Would that be fair

Baby, Baby baby baby
I want I want want want you to be fair
Fairplay

Ooh fairplay
Ooh fairplay

Soul II soul is the place where you should be
Back in the day that UK Soul was heavenly
Cause it's all about expression
I'll say it again
Cause it's all about expression

Funky people express yourself tonight
It's UK soul, with ecstasy and pure delight
Cause it's all about expression
Oh yeah yeah
Cause it's all about expression

Baby, I think you should come down
And try to express yourself
Yourself baby baby baby baby
I want I want want want you to be fair

Ooh fairplay
Ooh fairplay

Ooh fairplay
Ooh fairplay

Baby baby I've got this feeling in my soul, well
If you don't love me would it be fair
Use my love and give yours to another
Would that
Would that
Would that be fair

Ooh fairplay
Ooh fairplay
