

# Strong Hand

Beverley Knight

Remember the time, I needed more than loving  
The reassurance, that someone cared for me  
You gave completely, with no conditions added  
I'm standing by you for your time of need  
You will see...

Lean on me  
I'm your strong hand  
I'm your strong hand  
Lean on me  
I'm your strong hand  
I'm your strong hand

Let me enfold you, in love that feels familiar  
I see you're hurting; I'll take your pain away  
Rivers of sorrow, flow only for a season  
Into the sea of tranquility, you will see...

Lean on me  
I'm your strong hand  
I'm your strong hand  
Lean on me  
I'm your strong hand  
I'm your strong hand

Ah yeah, Lean on me  
You will see you're in my safety zone  
You know  
That my hand is strong  
Lean on me  
You will see you're in my safety zone  
(You know)  
That my hand is strong

You-ou  
You can lean  
Yes you can  
You can lean  
Ooh-ooh

Lean on me  
I'm your strong hand  
I'm your strong hand  
Lean on me  
I'm your strong hand  
I'm your strong hand

Lean on me  
I'm your strong hand  
I'm your strong hand  
Lean on me  
I'm your strong hand  
I'm your strong hand
