

Are You Real?

Beware of Darkness

The word on that street is that you're nothing more
(Than a human)
I heard that you bleed and sweat and shit
(Just like everyone else)

You gotta know, you gotta know
You gotta know if you hurt me, I'll hurt you

Come here baby, let me show you how I care

All I wanna know is
Are you real 'cause you mean nothing to me?
Do you really want to start a war?

Are you real 'cause you mean nothing to me?
Do you really want to start a war?

The talk of the town is that you're talentless
(And we all know it)
I heard when you pray that even god's like
(Oh no, that you again)

How does it feel, how does it feel
How does it feel to be the bottom of the human race?

Come here baby, let me show you how I care

All I wanna know is
Are you real 'cause you mean nothing to me?
Do you really want to start a war?

Are you real 'cause you mean nothing to me?
Do you really want to start a war?

Motherfucker

You think that you're god but all I see is just
(A frightened human)
You think you're above us all but no
(You're just like everyone else)

I gotta know, I gotta know
I gotta know where did you learn to treat people that way

All I wanna know is
Are you real 'cause you mean nothing to me?
Do you really want to start a war?

Are you real 'cause you mean nothing to me?
Do you really want to start a war?
Oh....
