

# All Fall Down

Bic Runga

Daylight, let it stir you  
Let it Kiss the sleep out from your eyes  
Feel this weight now, lift into the sky now  
On and on and on  
On and on and on

Cradle, so deeply  
So sleepily when I close my eyes  
Sprinkle morning all over you and I  
On and on and on  
On and on and on

Sleep tonight  
Drains into the morning  
Let it feel alright  
It beckons like a warning

Trace it, embrace it  
See it crashing through this pretty light  
And yes you know me and how this thing of ours goes  
On and on and on  
On and on and on

And when we touch the ground  
We all fall down
