Big Audio Dynamite

Down the Limbo, Limbo the law  
Your mama says to tell you, don't come home no more  
Since they ain't got no room in the county hole  
Gonna get wild make like rock 'n' roll

Freedom Town or Mariel  
Out the frying pan straight to Hell  
In the papers shadows on the screen  
Itchy finger trigger easy teens

Take you off just for fun  
Sweet sixteen magazine and gun  
Surfboard on the new crime wave  
Playground street corner and grave

Jungle's jangle, intersection rock  
The wind could blow these boys off the block  
Crosstown junction where the cops don't stop  
The heavy crew hangs out at the coffee shop

The beats are fresh, they're feeling fine  
Ex-army automatic blasted down the line

Learned to speak from a gangster reel  
Watch 'em murder rob and dope deal  
Music makes you wanna shout  
Kicking it live at the carryout

Colombians and ye oh think they got it made  
Chopping 'em out with a chainsaw blade  
Go down to Limbo, Limbo the law  
Mama say don't come home no more

Ice cool killers copy what they see  
Welfare cherve lottery fantasy  
Uzi nine millimeter speak  
High tide leaves clean money on the beach

Society needs boys like this  
Liberal minds sleep with ease  
When the shooting starts turn a blind eye  
Adios to another bad guy
