

Come Sit Down

Big Daddy Weave

You're love, You're strength
You're mercy, You're grace
You're life, You're breath
You're heartbeat, You're face
We want to know You, we want to know You more

Come sit down
Rest here among us, say what You want to say
Come sit down, alive in Your presence
Lord come and take Your place
Come have the highest place

With just one touch, You make us new
With desperate hearts, we wait for You
We want to know You, we want to know You more

Come sit down
Rest here among us, say what You want to say
Come sit down, alive in Your presence
Lord come and take Your place

We lack nothing
We lack nothing
We lack nothing in You Come sit down
Rest here among us, say what You want to say
Come sit down, alive in Your presence
Lord come and take Your place

Come sit down
Rest here among us, say what You want to say
Come sit down, alive in Your presence
Lord come and take Your place
Come have the highest place

We lack nothing
We lack nothing
We lack nothing in You Come sit down
Rest here among us, say what You want to say
Come sit down, alive in Your presence
Lord come and take Your place

You are welcome here, Lord be honored here
Do what You can do, what only You can do
There's nothing impossible for You God
There's nothing impossible for You God
See our hearts and our lives bowed down

Come sit down
Rest here among us, say what You want to say
Come sit down, alive in Your presence
Lord come and take Your place
Come have the highest place

We lack nothing
We lack nothing
We lack nothing in You Come sit down
Rest here among us, say what You want to say

Come sit down, alive in Your presence
Lord come and take Your place
