

One of these mornings, I'm gonna kiss this world goodbye  
One of these mornings, I'm gonna leave it all behind  
When I quit this heartache and shed this skin  
I'll be more alive than I've ever been

When I spread these wings and fly  
I'm gonna soar across the sky  
Gonna spread these wings and fly

One of these mornings, I'll see the One my heart longs for  
Standing beside Him, the faithful ones who've gone before  
And then all my questions and all my grief  
Will be swallowed up in victory

And I spread these wings and fly  
I'm gonna soar across the sky  
When I spread these wings

Every tear will be wiped away  
When I look into Jesus' face  
Until then, help me run this race  
With every heartbeat of every day

One of these mornings, I'm going to stare right at the Son  
One of these mornings, I'll breathe brand new air with brand new lungs  
And there'll be no more sorrow, on golden streets  
We'll lay every crown down at His feet

Then I'll spread these wings and fly  
I'm gonna soar across the sky  
When I spread these wings and fly  
I'm gonna soar across the sky

When I spread these wings and fly  
I'm gonna soar across the sky  
When I spread these wings  
No more heartache and no more pain  
There'll be no more sorrow, no more pain  
I'm gonna spread these wings and fly
