

Heaven Is Here

Big Daddy Weave

From the dirt made of dust
The breath of life in each of us
A picture of the hope of heaven
Ears to hear and eyes to see
What was too good to believe
We're forgiven, hallelujah

Oh the world could use good news
So open up the doors and sing

[Chorus:]

Hallelujah, Hallelujah
Hallelujah, Hallelujah
Hallelujah, Heaven is here
Heaven is here

What was less has been replaced
By the greatest of the great
What a friend we have in Jesus
Now we stare Him in the face
And we cannot look away
He is risen, Hallelujah

Oh the world could use good news
Open up the doors and sing

[Chorus]

Heaven is here, for the body, bent and broken
Heaven is here, for the thief and for the orphan
Heaven is here, for the homesick, lost and lonely
Heaven is here, in the Son, the One and Only
Heaven is here, in Your precious blood that was poured out
Heaven is here, in the love that crushes fear and doubt
Heaven is here, in the pow'r that rests in Jesus' name,
Heaven is here
Oh worthy, worthy is the Lamb that was slain

[Chorus x4]
