

Pharisee

Big Daddy Weave

Hear no evil, see no evil
Speak no evil
On the outside
Full of pride, full of lies
So well they hide
On the inside

They'll never be
All that they seem
They live the life of a Pharisee

Not perfect on the surface T So far to go T On the outside
But a true heart T And a new start is what lives on the inside

For whom the Son has set free
He is free
Free indeed

Receive the Son who makes us free
Then you will be free indeed
