

Walking In The Light Of Your Love

Big Daddy Weave

I can barely believe my eyes
Lookin' at what Your love has brought to life
Here right in front of my face
All that grace says
I have by faith
Greater than I've ever known
Greater than I've ever known

Now we're walkin'
Walkin' in the light of Your love
And we're singin', singin' all about what You've done
You are my victory, You are my destiny
Because of mercy, we're walkin'
Walkin' in the light of Your love

It flows from the life You gave
The river of your great healing grace
Your favor poured out on me
From every curse, You have set me free
You're greater than I've ever known
Greater than I've ever known

Now we're walkin'
Walkin' in the light of Your love
And we're singin', singin' all about what You've done
You are my victory, You are my destiny
Because of mercy, we're walkin'
Walkin' in the light of Your love

Now we're walkin'
Walkin' in the light of Your love
And we're singin', singin' all about what You've done
You are my victory, You are my destiny
Because of mercy, we're walkin'
Walkin' in the light of Your love

Walkin' in the light of Your love
Walkin' in the light of Your love
Walkin' in the light of Your love
Walkin' in the light of Your love

Now we're walkin'
Walkin' in the light of Your love
And we're singin', singin' all about what You've done
You are my victory, You are my destiny
Because of mercy, we're walkin'

Walkin' in the light of Your love
And we're singin', singin' all about what You've done
You are my victory, You are my destiny
Because of mercy, we're walkin'
Because of mercy, we're walkin'
Because of mercy, we're walkin'

Can't help but singin'
Singin' in the light of your love
Because of mercy, we're walkin'

We wont stop singin'
Because we're walking in the light of your love
