

Put Me to Work

Big Data

I wanna help you
I can save you some time
I want to take care of you
Let me ease your mind

I came to do a job today
Not here to laugh, not here to play
This is serious, it's not a game
I'm at your service, baby

Set me off
See what I'm worth
Turn me on
I go berserk
I don't care if I get hurt
No, I don't care
Just put me to work, ooh
Put me to work, ooh

I'm gonna move you
Gonna set you free
I'm gonna save you
Just wait and see

I came to do a job today
Not here to laugh, not here to play
It's serious, it's not a game
I'm at your service, baby

Set me off
See what I'm worth
Turn me on
I go berserk
I don't care if I get hurt
No, I don't care
Just put me to work, ooh
Put me to work, ooh
Put me to work, ooh
Yeah, put me to work, ooh

I will replace you, replace you, replace you, ooh
I will replace you, replace you, replace you, ooh
I will replace you, replace you, replace you

Yeah, I came to do a job today
Not here to laugh, not here to play
It's serious, it's not a game
I'm at your service, baby

Set me off
See what I'm worth
Turn me on
I go berserk
I don't care if I get hurt
No, I don't care
Just put me to work
And I won't care when they get hurt

No, I don't care
Just put me to work, ooh
Put me to work, ooh
Put me to work, ooh
Yeah, put me to work, ooh
