It's gone be nights I ain't coming home
Some days you can't reach me on my phones
It's gone be shawtys that claimed we kicked it
When I was out on the road, tryna handle my business
I know I can't make it up with shopping sprees
Cause money can't buy you all the things you need
But baby girl you got to trust me, try to understand
I do the best I can, and I apologize in advance

My homeboys tell me I ain't sane To leave you at the crib, just to try to chase this game Baby girl, I'm trying to do better Cause we gone go do better If I ain't go do better for us I can't talk right now, cause they charging by the hour I'm at the io Yeah, but did you get them flowers that I sent to you For being there and sticking by your man These snakes is running game, but they ain't getting by your man So stop it, keep it hot for me And all that love that we had When we first met, I hope that it don't stop for me I think this rap about to pop for me So if I can get you that house you wanted, that car And hell, I'll even let you shop for me Tell your folk they ain't gotta trip Cause when they hear my music Shawty, yo we out here And all them dreams and themes we had can come true All the mistakes I made in the past, I undo

It's gone be nights I ain't coming home
Some days you can't reach me on my phones
It's gone be shawtys that claimed we kicked it
When I was out on the road, tryna handle my business
I know I can't make it up with shopping sprees
Cause money can't buy you all the things you need
But baby girl you got to trust me, try to understand
I do the best I can, and I apologize in advance

I know you really want your homie back But you gone see that your family say I'm gone leave you Once I made it, I can hear that doubtin' in your voice And yeah I hate it, I'm coming home soon shawty So just be patient And we gone kick it like we never kicked it And that's a bet We gone live like the happy live, with no regrets So stay down, I know just how we play round And when you [?] when we lay down When I hit this road, and rock all of these shows I can look you in the eyes and know you still love me And when I come back home And take you to this house that the rap game bought I know you proud of me And I ain't saying that we ain't about to go through it With the magazines, tabloids, haters and the rumors

But yet, I'm just a man
I hope you understand, that this gone be hard
I'm sorry in advance

It's gone be nights I ain't coming home
Some days you can't reach me on my phones
It's gone be shawtys that claimed we kicked it
When I was out on the road, tryna handle my business
I know I can't make it up with shopping sprees
Cause money can't buy you all the things you need
But baby girl you got to trust me, try to understand
I do the best I can, and I apologize in advance

Yeah the money won't phase me, you still be my lady
Don't worry bout them shawtys when they talking all crazy
When I'm done with this, yeah we can start a family
You be there by my side when we hit it to the Grammy's
The Maybach with the chauffeur
Red carpet when we roll up
The doors on the whip like wings, they just roll up
You always kept me focused
That why I hope you closest
I did it all for us
And I'm hoping that you noticed

It's gone be nights I ain't coming home
Some days you can't reach me on my phones
It's gone be shawtys that claimed we kicked it
When I was out on the road, tryna handle my business
I know I can't make it up with shopping sprees
Cause money can't buy you all the things you need
But baby girl you got to trust me, try to understand
I do the best I can, and I apologize in advance
