

Hung Up with Summer

Big Star

The sun in her hair
Under blue sky
Something in the air
Maybe that's why

I wonder it's so out of sight
All hung up with summer

Along the trees
Standing there
Flowing with the breeze
Her wavy hair

And I wonder it's so out of sight
All hung up with summer

I wonder it's so out of sight
All hung up with summer

And I wonder it's so out of sight
All hung up with summer
